## One Day Seminar on Digital Entrepreneurship

Date : 5/07/2022

Digital entrepreneurship opens up new possibilities for anyone thinking of becoming an entrepreneur by highlighting the changes in the entrepreneurial practice, theory, and education.

In terms of *education*, digital entrepreneurship opens new possibilities to train the next generation of entrepreneurs. The best way to learn entrepreneurship is to 'do it', and reflect on that experience. Starting a new business or launching a new product, in the normal world is costly and risky for beginners. The digital world not just lowers the barriers for starting something new, but offers a variety of pathways to success. It's just a different world educationally from case studies, simulations, and business plans.

### Objective:

1. To create awareness among the student fraternity about the recent trend of entrepreneurship in digital platform.
2. To provide knowledge regarding the usage of digital media tools to find potential customers.

One day Seminar on Digital entrepreneurship was conducted on 01/07/2022 for the second year students in the college conference hall. The resource person for the program was PrakashNimbalkar, Start up Mentor, Advisor, Visiting faculty and Management Consultant

## **Outcome:**

The program encouraged budding entrepreneurs to start and achieve rapid expansion in their businesses by employing innovative ideas using digital tools.
