About us

MESIOM, founded in 2006, is run by the Mysore Education Society Group of Institutions, formed by eminent educationists whose vision was to impart value-based education. The institution strives to fulfil its mission to provide educational opportunities to all aspiring youth to excel in life by developing academic excellence, fostering values, creating civic responsibility and building global competencies in a dynamic environment.

The Mysore Education Society is a registered body that has philanthropic, patriotic and farsighted citizens of Bangalore as its Committee Members. It was the dream of our managing founder, late Prof.M.P.L.Sastry, to impart a value based education and also imbibe in the students our rich Indian culture.

The former President of MES Group of Institutions, Late Sri.K.P.Surendranath initiated the beginnings of a Management Institution, which became a reality in 2006.

Vision

To strive towards achieving and maintaining the pinnacle of excellence in education and empowering students grounded in Indian Heritage to live as exemplary human beings geared for competencies at all levels.

About the Seminar

This Seminar endeavours to delve on the finer aspects of requirements for teaching fraternity to impart some high levels skills on Analytics to students of Commerce and Management.

Big Data is everywhere and there is almost an urgent need to collect and preserve whatever data is being generated, for the fear of missing out on something important. There is a huge amount of data floating around. What we do with it is all that matters right now. This is why Big Data Analytics is in the frontiers of IT. Big Data Analytics has become crucial as it aids in improving business, decision making and provides the biggest edge over the competitors. This applies for organizations as well as professionals in the analytics domain.

Objectives

1. To create awareness amongst the faculty of Commerce and Management about Big Data and its immense potential to create useful careers for the students in Commerce and Management.
2. To understand the various areas of businesses where big data makes an impact in the domains of Commerce and Management.
3. To understand and enumerate the core skills that undergraduate Commerce students should possess to leverage mass volume of heterogeneous data to become employable.
