Practice makes man perfect!! The language laboratory is a very powerful platform for practicing and assessing one's speech and provides supplementary materials to students for self-study. The Labs' interactive programme helps students learn a language faster. It provides a facility which allows the students to listen to model pronunciation, repeat and record the same, listen to their performance and compare with the model, and do self-assessment. The language laboratory gives learners freedom to learn at their own pace and is flexible. At the same time, it is possible for teachers to provide assistance individually and collectively. The language laboratory allows each participant his or her privacy to speak.

OUTCOME:

- It helped the students in practicing and assessing their speech
- It allowed students to practice pronunciation
- It helped to develop vocabulary
- It encouraged students to communicate in English
