**MCKINSEY APPROACH**

- The McKinsey model, developed by leading management consultants McKinsey & Company, is a comprehensive approach to value-based management.
- This approach is based on the discounted cash flow principle, which is a direct measure of value creation.
- McKinsey Model of Value Based Management focuses on the identification of key value drivers at various levels of the organization, and places emphasis on these value drivers in all the areas, i.e. in setting up of targets, in the various management processes, in performance measurements, etc.
