"FUTURE SKILLS PROGRAM" in
collaboration with "MES Institute Of
Management"

Submitted by:

TNS India Foundation
Partners in Economic Transformation

Brand affiliate of TechnoServe Inc.

ABOUT TNS INDIA FOUNDATION

TNS India Foundation has been a pioneer in the Youth Skilling and Employability domain since 2015. Through the Youth Employability programs, TNSIF provides transformative workforce readiness skills training for youth to make **better career choices** and **build a strong career path**. The program also provides placement support through corporate linkages with large and small firms.

Our goal is to tackle the increasing need felt by fresh graduates- to sharpen and improve interview preparedness and make informed career choices after their graduation. In the last seven years (2015-2022), we have trained approximately 22000 youth, and have provided placements to 65%+ youth in BFSI and IT/ITeS companies such as ICICI Bank, Axis Bank, HDFC Life Insurance, Kotak Mahindra Bank, TCS, Wipro, Accenture and so on. These students have been able to increase their family incomes by 50%, and have successfully progressed in their careers.

OBJECTIVE

Given the COVID-19 pandemic, TNS India Foundation recognizes the pressing need to upskill youth and provide stable job placements to them. Furthermore, given the shift to the online learning mode, we realize the need for innovative, technology-based solutions that can help upskill youth and empower them to succeed in today's competitive environment.

At the same time, we understand that college institutions may not have the bandwidth or capacity to create and deliver such solutions for enrolled students. Therefore, to bridge this gap, our Future Skills Program provides **FREE OF COST** employability skills training to youth through an **Online Learning Platform (OLP)**, for a future in corporate careers, by leveraging and equipping college faculty, thereby strengthening the college institution(s):

TNS India Foundation will train college faculty on program objectives, curriculum, and coaching skills. The college faculty will drive the training program by facilitating classroom activities, clearing doubts, conducting career counseling, etc.

College students will have access to the employability skills curriculum on the Online Learning Platform through which they will upskill themselves (self-learning). They will also attend the sessions conducted by the college faculty, and clarify any doubts.

Once students successfully complete training, they will be eligible for placements, which will be provided by TNS India Foundation.

PROGRAM STRUCTURE

75%- Self-learning by students through the Online Learning Platform.

25%- Faculty-led classroom sessions (in-person/virtual).

PHASES OF PARTNERSHIP/PROGRAM

To,
The Principal
MES Institute of Management
Bangalore.

Respected Sir / Madam,

Sub - Association with MES INSTITUTE OF MANAGEMENT to support the graduates with employability skills and helping them get into a sustainable job opportunity.

Established in 1999, Magic Bus India Foundation works with children and young people from underserved communities, taking them from a childhood full of challenges to a life with meaningful livelihoods. We equip young people with the skills and knowledge they need to grow up and move out of poverty.

Our youth centered Livelihoods Program connects the aspirations and potential of young people to available market opportunities. We build their employability skills and map job potential based on individual strengths and mobility.

We work with support structures: parents, the community at large and local institutions to ensure results in social, emotional and economic well being for all young people living in that area. Our approach mobilizes the entire ecosystem available to the child or youth to create informational change in their lives.

Magic Bus Connect to Work Programme addresses the challenges faced by young graduates and first time job seekers through skilling them for the 21st century work environment and connecting them with available jobs in local area. Programme aims to bring young people into workforce- reduce the joblessness among young people and strengthen the economy by capitalizing on huge young workforce of India by placing them with right employers. Backed by innovative technology tool, strong stakeholder's engagement and market aligned essentials, this Programme offers scalable long term solution. This program will aspire to place 15,000 fresh graduates in job in the year 2021 - 22 across Bangalore, Mysore and Tumkur Districts.

In this context we are happy to collaborate with MES INSTITUTE OF MANAGEMENT for supporting with the database and conducting a job drive to help in connecting the youths for job opportunities.

Looking forward for a long term association.
Yours sincerely

Karpagam Prakash
