Affiliated to Bengaluru City University

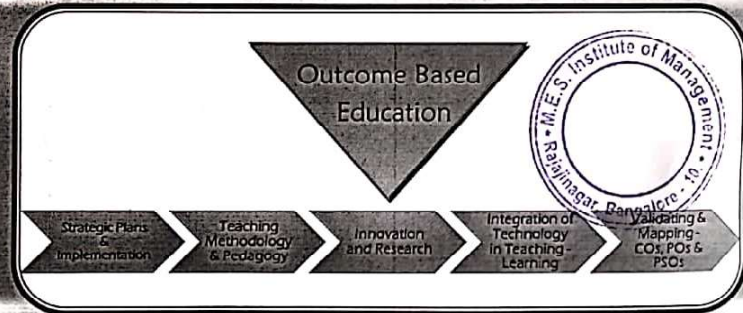

AN IQAC INITIATIVE

Two Day NAAC Sponsored National Level Seminar

On

"CONTEXTUALIZING OUTCOME - BASED LEARNING IN HEIs FOR QUALITY EDUCATION"

2nd Thursday and 3rd Friday - March 2023

About us

MESIOM, established in 2006 by the Mysore Education Society, is dedicated to providing value-based education and developing academic excellence, values, civic responsibility, and global competencies amongst the students. The institution is run by a committee of philanthropic and eminent educationists and is in its 17th year of existence. MESIOM aims to provide a holistic education and development of multiple intelligence through various activities, such as seminars, conferences, and training programs, with the goal of empowering students to be competitive citizens.

Vision

To strive towards achieving and maintaining the pinnacle of excellence in education and empowering students grounded in Indian Heritage to live as exemplary human beings geared for competencies at all levels.

Theme of the Seminar

India has the largest student population of 315 million and will have the most youths in the world by 2023, making it crucial to harness the demographic dividend through quality education. The government has implemented reforms, including National Education Policy 2020, to meet the demand for quality education and prepare students for the future. Higher education institutions must adapt to Industry 4.0 and societal changes by shifting from a teacher-centric to a student-centric approach that prioritizes learning outcomes.

MESIOM is proud to host a National Level Seminar focusing on aligning the teaching-learning process with outcome-based learning, in line with NEP 2020 and education 4.0.

Objectives

- Evaluate the current status of Higher Educational Institutions (HEIs) in relation to NEP 2020 and education 4.0.
- Determine achievable goals and integrate outcome-based learning into the teaching-learning process.
- Assess the responsibilities and challenges faced by HEIs in transforming the teaching-learning approach.
- Provide practical recommendations for improving teaching-learning experiences

Resource Persons

Prof. Gowrishha Joshi

Professor & Director, Centre for Educational and Social Studies.

A Professor with rich experience in Quality Management and Accreditation of Higher Education Institutions, with a focus on Quality in Education and Management. He has served as Chief Consultant in the National Education Policy Committee & has delivered over 75 lectures on NEP 2020.
