LECTURE SESSION
CHANDRAHASANA ABYUDAYA

ON 9TH AUGUST 2023 We had a seminar on the lesson

ಚಂದ್ರಹಾಸನಾಭ್ಯುದಯ (chandrahasana abyudaya). I wish to extend my sincere gratitude to our teacher for conducting this session we had a different kind of experience

Here the overview of the summary

Chandrabasa was a king of **Kuntala**. He lost his parents during childhood. The story of Chandrabasa is mentioned in **Ashwamedika parva** of **mahabharatha**. He was the son of King Sudharmika.

Legend of Chandrahasa:

There is a legend about his life. King Sudharmika was doomed to the severest adversity. Chandrahasa was born at an auspicious period but after his birth his father lost the battle and his mother perished in the funeral pile. The nurse fled away with the infant Chandrahasa to Kutuwal. But the nurse died within 3 years without informing anyone the secret of the child's birth.

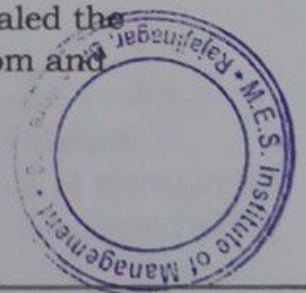

After the death of the nurse, the child became quite poor and suffered much. But one day, he went somehow to the house of the prime minister. The astrologers present there declared that the boy's face had all the signs of royalty. On hearing this, the minister declared that the boy should be killed. He sent his man to kill the child, but the men employed for the purpose took sympathy on him and decided not to kill him. He was later found in the jungle and adopted by a certain dependant of the Minister. The person named the boy 'Chandrahasa' because when he laughed it was said his face resembled the moon.

When Chandrahasa grew up, he became renowned for his skill and courage and his achievements came to the ears of the Raja. The Minister became jealous and was determined to visit the Zamindar who had adopted Chandrahasa. There he discovered that the young man was the boy he had sent into the jungle to be murdered. The minister was quite determined to kill Chandrahasa so he wrote a letter to his son Madan and requested Chandrahasa to carry it to the city.

The letter wrote that the Minister's son should not look to his youth or kindness as Chandrahasa is his enemy so he should give him poison. As Chandrahasa approached the city he entered the pleasant garden belonging to the Minister, and being very tired, he tied his horse to a tree and laid down in the shade and fell asleep.

That very morning the Minister's daughter visheya with the Princess and her maids had come to amuse themselves in the garden. Visheya wandered away from the others and saw a young man asleep with such a charming face that she fell in love with him. She saw a letter lying beside the sleeping Chandrahasa. She read the letter and could recognize the writing of her father.

Having compassion on the youth Chandrahasa, she decided to alter the letter. She just removed one word 'enemy' and replaced it with the word 'friend'. The word signifying poison was 'visha'. As the young man was very good-looking, she altered into her own name of visheya and re-sealed the letter. Then she placed it again on the Chandrahasa's bosom and returned to her companions.

Soon after, Chandrahasa woke up from his sleep and went to the house of the Minister. He gave the letter to the son of the Minister. Madan read the letter with great surprise but saw that the orders were very positive and that he must obey them without delay. Chandrahasa was more amazed than anyone. He was presented with a bridegroom's dress and directed to prepare himself to be married that evening to the beautiful daughter of the Minister. There was the usual distribution of presents and great rejoicing throughout the city.

When the Minister came back to his home, he was congratulated by everyone he met. He became almost mad on hearing what had happened. He was then shown his own letter he could not discover the alterations that had been made. He had left with no other way but only wonder at the greatness of his own blunder.

Early next morning, he hired some assassins to secrete themselves in the temple of the goddess durga which was outside the city. They were ordered to murder the man who should come at evening. He then told Chandrahasa it was the fixed rule for every man who married into his family to offer a golden-cup of incense at the temple of durga. Chandrahasa readily promised to go in the same evening.

But on that particular day, the Raja had a dream and determined to resign his kingly authority. Without knowing that the Minister had returned to the country, he sent for Madan and informed him that he wanted Chandrahasa to make his successor as 'Raja'. He desired Madan to bring his new brother-in-law to the palace as soon as possible. Madan gladly went out to search for Chandrahasa and found him in the road to the temple of Durga with the golden-cup in his hand. Madan explained him briefly the urgent necessity for his immediate presence at the palace. Thus, he took the cup from Chandrahasa's hand and promised to present it himself to the goddess. Madan thus sent back Chandrahasa to the palace of the Raja and proceeded alone with the golden-cup to the temple of Durga. On entering it he was cut down by the swords of the assassins and killed on the spot. When Chandrahasa arrived at the palace, he was crowned by the Raja himself. The minister on hearing how his plot had been again defeated and his own son killed, destroyed himself in the same temple.

This was the story of Chandrahasa.

As a proud and grateful student, to express my heartfelt thanks to our beloved Teacher who had always been supportive and encouraged us to strive for our excellence **DR. VAJRESHWARI S MURTHY** madam and the guest speaker **BHUVANESHWARI.G** madam.

Report on Two Day workshop On Research Methodology

Title: Research Methodology: A Logical Framework for Research:

The Research & Development (R&D) Cell serves as a crucial hub for fostering a culture of inquiry and innovation within academic institutions. It acts as a catalyst for knowledge advancement, societal progress, and overall institutional growth. Recognizing this pivotal role, the IQAC at MESIOM organised a Two-Day workshop on Research Methodology in line with UGC guidelines and the National Education Policy 2020.

Two-Day Workshop on Research Methodology

A two-day workshop on "Research Methodology - A Logical Framework for Research" was organised by the R&D Cell, on October 19th and 20th, 2024. The workshop was conducted by Prof. H.S. Vishwanath, Hon. Director (General Research) at M.P. Birla Institute of Management, Bharathia Vidya Bhavan.

Objectives and Goals:

The primary objectives of the workshop were to:

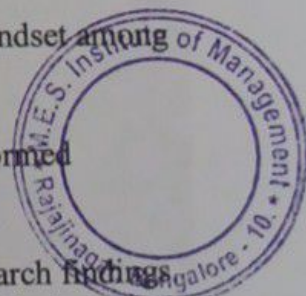

- Equip participants with a robust framework for conducting rigorous research.
- Cultivate logical and critical thinking abilities applicable across various research disciplines.
- Provide hands-on exercises to facilitate the internalization of research concepts.
- Establish a structured approach to research, emphasizing a logical and evidence-based foundation.

The overarching goal of the workshop was to inculcate a research-oriented mindset among faculty members. Secondary goals included:

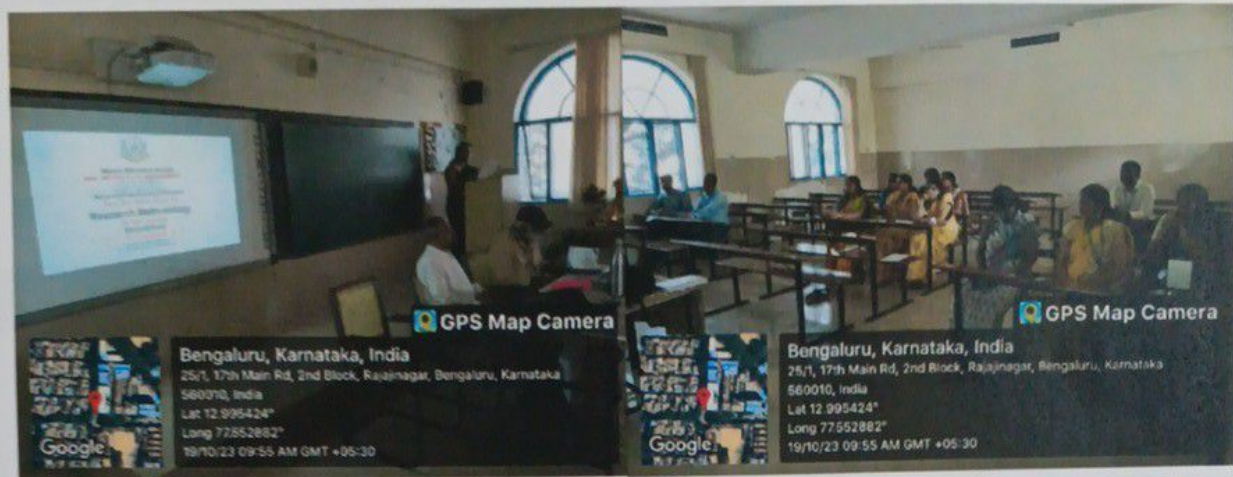

- Enhancing classroom delivery through the application of research-informed pedagogical approaches.
- Developing critical questioning and analytical skills among faculty.
- Improving the effectiveness of classroom teaching by integrating research findings.
- Fostering a culture of critical inquiry among students by emphasizing the importance of rational and evidence-based approaches to learning.

Target Group:

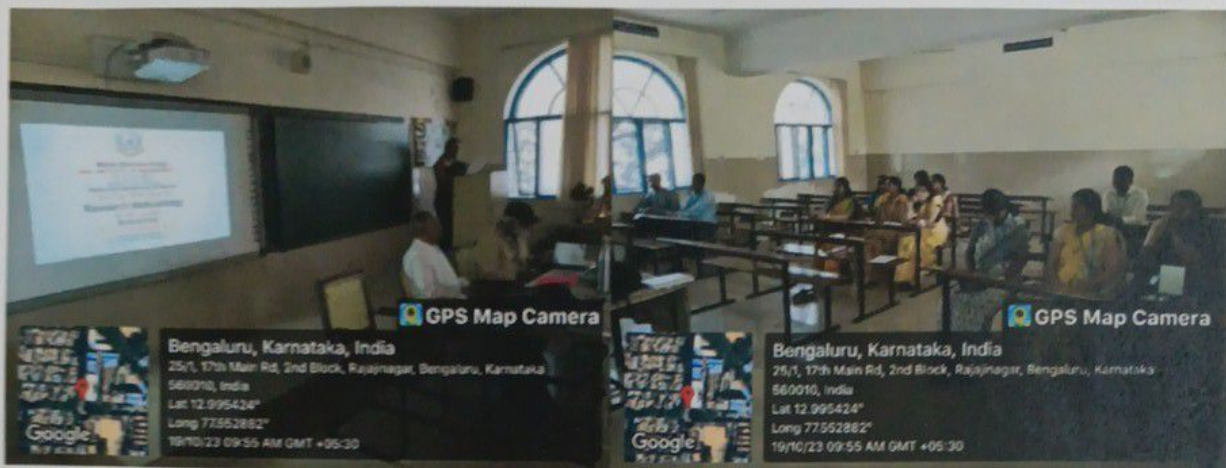

The workshop was specifically designed for faculty members (MESIOM & MESACS College) involved in teaching theoretical, conceptual, and application-oriented courses at both undergraduate and postgraduate levels.

This workshop by the R&D Cell of MESIOM, demonstrates a strong commitment to fostering a culture of research and innovation within the institution. 20 faculty from the Commerce and Management department of both the institutions benefitted from the workshop.

SEMINAR ON CANCER AWARENESS

22th MAY 2024

Objectives:

- To recognize the selfless efforts made towards mankind and re-establish belief in humanity.
- To spread awareness about the importance of Cancer screening

According to WHO, breast cancer is by far the most common cancer in women worldwide, both in developed and developing countries and a primary cause of death of women in metropolitan cities. To support the cause, Rotaract club organized a seminar on Cancer Awareness on 22th MAY 2024. This interactive event was organised in association with Sri Shankara Cancer Centre. 150 students were gathered to witness the event.

The speaker for the event was Dr. Nandhini .N. Imandar, Senior Doctor, Shri Shankara Cancer Centre. Beginning with a general outlook on all types of cancers, Dr. Nandhini N.Imandar moved on to talk about the lifestyle changes that are resulting in an increase in breast cancer cases : She highlighted the importance of regular self-inspection and clinical self-examination for the early detection of breast cancer as 80% cases are detected at the advanced stage. The seminar proved to be awareness imparting and thought-provoking for everyone. Rotaract club looks forward on conducting more such seminars in the future. The event proved out to be a huge success as the entire seminar hall was packed with students.

The speaker also motivated students for Blood donation which is a critical practice that saves lives and supports medical treatments globally. Each donation can help up to three individuals, providing essential components such as red blood cells, plasma, and platelets for surgeries, cancer treatments, trauma care, and chronic illness management.

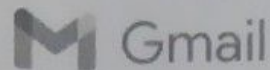

The seminar proved to be awareness imparting and thought provoking for everyone. Rotaract clubs looks forward on conducting more such seminars in the future.

Cervical Cancer Risk Factors

KEEP CALM

AND
BE AWARE

Risk factors

- Unresolved Human Papillomavirus (HPV) infections
- Multiple sexual partners and early onset of sexual activity
- Lifestyle habits such as smoking

Screening and prevention

- Visual inspection of the cervix using acetic acid (VIA)
- Pap smear or HPV tests as suggested by doctor to identify and treat infections
- Timely treatment of HPV infection or pre-cancer lesions of the cervix
- Avoid multiple sexual partners and practice safe sex
- Maintaining good genital hygiene

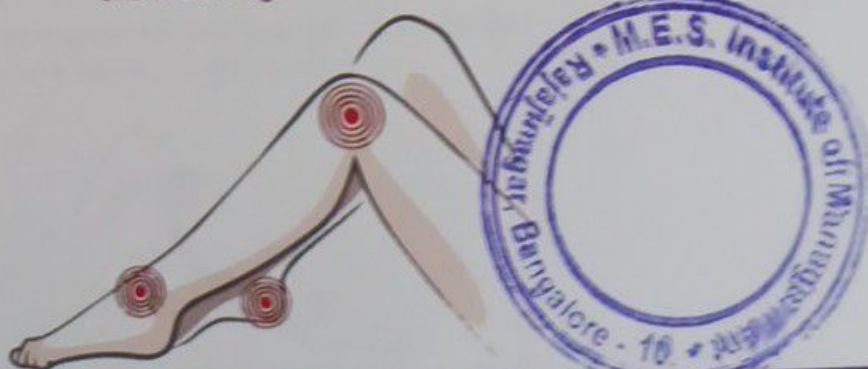

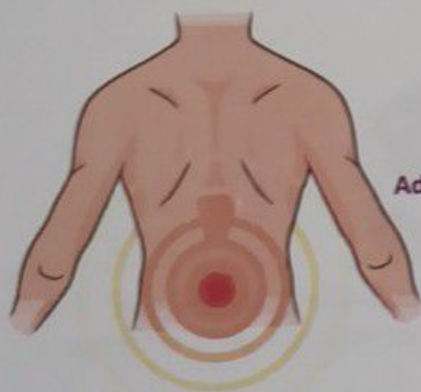

Signs and symptoms

Early-stage - irregular bleeding between periods, bleeding post sexual intercourse, postmenopausal bleeding and increased vaginal discharge accompanied with foul odour

Advanced stage - Constant pain in back, leg and/or pelvis, fatigue, loss of appetite, vaginal discomfort accompanied with foul smelling discharge and swelling in one or both legs

Cancer is curable if detected early
